Canandaigua National Bank & Trust

Canandaigua National Bank has been a proud partner of Payment Processing Consultants since 2001. PPC was founded in 1998 and is a local company that has an A+ rating with the BBB.

Who Is PPC and What They Offer

PPC makes it possible for your business to accept all non-cash forms of payment so you can grow, offer convenience and reduce accounts receivable. Their mission is to make easy what others complicate with nuisance fees and jargon. They have transparent pricing, honest salespeople and a proven track record of success, both locally and nationally. The bottom line is they are accountable and will do what they promise.

How They Do It

If your business already accepts credit cards, debit cards or e-checks, they will provide a free detailed cost comparison that will show exactly what you will save using PPC. They will explain all of the rates and fees in an easy to understand way and they will make sure you pay the lowest possible amount. PPC offers state-of-the-art PCI compliant processing machines, virtual terminals, chip-card solutions and mobile swipers.
